Planning on returning to secondary school? Please pick up your application to return from the Guidance Secretary in January & complete it. Then make an appointment with your Vice-Principal in January to review career plans, attendance, marks, disciplinary concerns, etc.... Note- the Ministry of Education has implemented a maximum 34 credit threshold for students (this does not apply to a student with an IEP). *Please note * If you have already graduated, courses are not guaranteed. Students who haven't graduated are loaded as a priority.*
